# Measure of hydrogen

PPB ( PARTS PER BILLION )

A larger volume of water will produce a lower PPM/PPB reading

A smaller volume of water will produce a higher PPM/PPB reading

Measures  
0.5ppm/500ppb

Both will contain approx.  
0.15mg of H<sub>2</sub>

Measures  
1.5ppm/1500ppb

Impact of water volume on the H<sub>2</sub> measurement
